17 July 1984

MEMORANDUM FOR: DCI

VIA: DDCI

FROM: [REDACTED]
Chief, CCIS/ICS

SUBJECT: SIG-I on Hostile Foreign Presence

REFERENCE: Your memo, 12 July 1984, same subject

1. Per your instructions I have arranged with [REDACTED] Acting Executive Secretary, SIG-I, to send the PFIAB report on hostile presence issues to the SIG-I membership. Also, I will assure that the IG/CI membership receives the report. [REDACTED]

2. With respect to the 17 proposed options to limit and control the hostile foreign presence sent out by Judge Webster, those must still be reviewed by the IG/CI to identify agency positions and to obtain consensus on which ones will be sent to the SIG-I for approval and subsequent forwarding to the President. However, with Judge Webster out of town until 11 August 1984, it will be mid-August before the IG/CI can meet. Ed O'Malley has indicated that Judge Webster desires to chair the meeting himself. [REDACTED]

3. In a separate action, by letter dated 29 June 1984, Judge Webster asked Hugh Montgomery to prepare a State assessment of the foreign policy costs of each option. Additionally, he has asked Justice to work with State to resolve the legal issues raised in five of the proposed options, e.g., close Polish-owned commercial offices in six of ten cities. These issues must be resolved prior to the IG/CI meeting.

4. Ed O'Malley advised me that he relayed to Judge Webster your desire to move on the proposed options as soon as possible. According to Ed, Judge Webster shares your concern, but believes it necessary for the IG/CI to have sufficient time to carefully consider all options.
